Voters Attention!

Directions as to the use of Preferential Ballot

The preferential ballot will come into general use for the first time in the forthcoming provincial elections. Every voter should be thoroughly conversant with the method of marking the ballot before attempting to vote. READ THESE INSTRUCTIONS.

The Voter Must NOT use X mark

The voter must place the figure 1 opposite the name of the candidate who is his first choice, the figure 2 opposite his second choice, the figure 3 opposite his third choice and so on until he has voted for all the candidates on the ballot if he so wishes.

The voter may plump for one candidate alone, using the figure 1; without spoiling his ballot, but is urged to vote to the full extent of his choices as it is only by doing this that the voter obtains the full benefit of this form of ballot.

The voter must not place more than one choice opposite any one candidate.

The voter must not make the same choice for more than one candidate.

The voter must not make any mark on the ballot not authorized by these directions.

Read These Instructions Carefully

JOHN D. HUNT,
Clerk of the Executive Council,
Government of Alberta

Wm. Ernest Holben Passed Away Sat'd'y

Mirror and community were shocked on Sunday morning when news of the sudden death of Mr. William Ernest Holben was recorded. The deceased seemed in his usual good health on Saturday and was in Mirror until about 10:30 on Saturday evening in his usually jovial mood. Upon returning home he was about to retire, when he was suddenly stricken and passed away before medical aid could be summoned.

Mr. Holben was a man of a jovial nature and at all times looked for the better and purer things of life, ever ready to lend a hand to lighten the burden of others, and firmly believed in the great universal brotherhood of mankind.

The deceased was born on October 30, 1867 in Ontario, coming to Water Glen in 1911 resided in Manfred district for three years and Whitebrush district and the rest of the time in the Mirror district.

He leaves to mourn his loss his wife and two daughters, Mrs. S. P. Jensen, of Yahk, B. C., and Mrs. T. Trangen, of this district, and three brothers and one sister in the States and one sister, Mrs. J. Bohk, of Water Glen, besides relatives at Calahad and Wetskiwin.

The funeral was held Tuesday afternoon from the family residence under the direction of the Mirror Lodge of Oddfellows, who were joined by the Orange Order, he being a member of both. The esteem in which he was held was surely shown by the many beautiful floral tributes, and a concourse of over 300 friends in 80 automobiles gathered to pay their respect and witness the last sad rites.

The floral offerings were beautiful among which were a wreath from Mr. and Mrs. O. Johnson, pillow from the family, spray from Ponoka relatives, spray from Mr. and Mrs. Geo. Neis, spray from Mr. and Mrs. A. Sutley, butterfly spray from Mr. and Mrs. Ray Simpson, wreath (R.S.K.), L. O. L. three links from Oddfellows and a wreath from the following: Messrs. J. C. Simpson, G. Webb, G. Estell, C. Estell, J. Stevenson, Trotter, W. Mitchell, Ford, H. Brewster, G. Humphrey, E. Humphrey.

Interment took place in Basha cemetery.

Meet you at Elks Carnival.

The Lacombe-Elks Band will give an open air concert on Wednesday evening next. This is the band that will be in attendance at the Elks Sports.

A number of the members of the Eastern Star visited Stettler on Monday evening. The party consisted of Mr. and Mrs. D. M. Jewell, Mr. and Mrs. F. L. Smathers, Mr. and Mrs. J. P. Watters, Mrs. J. Pilcher, Mrs. W. C. McCormack, Mrs. D. E. Bull, Mrs. H. Shepherd, Mrs. H. Panrucker, Mrs. N. Spiece and M. G. Panrucker. All report a splendid time.

Musical Recital by Mrs. Baugh's Pupils

An entertainment of a very unique kind in the history of Mirror took place at the home of Mrs. Baugh on Monday evening when the pupils of her music class gave a recital of their term's work to their parents and friends. Each pupil in turn performed in a very able manner and showed the care that had been taken in their instruction, time and punctuation being very marked. The judges had a hard task set before them to single out the prize winners. Lavona Neis carried off the prize in the senior group by a hair's breadth over Marion Brewster. Thelma Purcell was the proud recipient of the prize in the junior group. Mrs. Baugh is to be congratulated upon her work. At the close Eddie Oldring, on behalf of the pupils, presented her with a lovely vase. The following is the program:

Juniors

May Buelow—Little Meadow Lark.

Eddie Oldring—The Merry Go Round.

Thelma Purcell—Little Dew Drops and May Pole Dance.

Francis Hume—At the Fancy Dress Ball.

Irene Brewster—Doris Waltz Lois Stevenson—Selected.

Seniors

Roy Walton—Public School March.

Mac Steele—Chariot Race.

Lavona Neis—Curious Story and Pink.

Marion Brewster—At the Fountain.

Freda Holder—Caprice.

Duets—Lavona Neis and Freda Holder—Philomel.

Mac Steele and Roy Walton—Sleigh Ride.

Marion Brewster and Freda Holder—Mazurka, Meyer and Palms.

Marion Brewster and Lavona Neis—The Burning of Rome.

Trio—Hungarian Folk Songs—Marion Brewster, Lavona Neis and Freda Holder.

RED ROSE "is good tea" TEA

And because you like good things you'll like Red Rose.

A Year of Activity

With the coming of April, Western Canada will be away to a good start on another year of development and progress which, from present indications, promises to surpass any year since before the war. There are tangible and solid reasons providing a basis for this belief and offering encouragement to all Canadians who have a firm conviction of the future greatness of their country.

The financial statement of the C.P.R. for 1925 was the best one for the past nine years, and after paying all expenses of operation, debt service interest and a ten per cent. dividend, provided an ample surplus of some millions of dollars. The financial showing of the Canadian National Railways was particularly gratifying and resulted in the largest operating surplus yet recorded and bridging within measurable distance the time when the National's earnings will be sufficient to also take care of all interest charges.

From the position occupied a few years ago of being seventh among the nations as an exporting country on a per capita basis, Canada last year achieved second place, and at no time since war activity ceased has industry and trade generally been so promising or expanding so satisfactorily. All the annual meetings of Canada's largest corporations and institutions have heard the same story of betterment taking place last year, and with even brighter prospects for 1926.

During the past two weeks the Western Grain Loans paid out over \$37,000,000 in cash to the farmers of Manitoba, Saskatchewan and Alberta as a further payment on account of their 1925 crops, a truly enormous sum of money to be placed in circulation right at the outset of a new season's operations.

This large second payment helps one to realize the fact that the cash value of wheat delivered by farmers at country stations during the four and one-half months, August 1 to December 5, 1925, was \$338,898,000, or an average of \$139.99 per farm, with 55,099,000 bushels still to be marketed. Not only is this a new record, but these 4½ months of 1925 beat the whole of the preceding twelve months by no less than \$66,900,000, and was \$35,000,000 greater than 1923-24, \$89,900,000 greater than 1922-23, and \$150,000,000 greater than 1921-22.

During 1925 a larger acreage of farm lands was sold in the Western Provinces than in the three years of 1922, 1923 and 1924 combined, and practically all direct to land users. In addition to the 675,662 acres thus sold by companies, homestead entries totaled 685,546 acres, or a total of 1,361,208 acres taken up last year.

There are but a few of the basic reasons for the increased development and progress which may be confidently expected this year. The effect is already noticeable in increased building activity all over the West which now promises to surpass anything witnessed for a considerable number of years past, and in the expanding operations of most big industrial concerns in the East.

Another evidence that new created wealth will find its way into channels leading to development and greater business activity is found in the fact that during the past couple of years the indebtedness of Western municipalities, school districts, and other public and semi-public bodies has been largely decreased, and now wealth instead of going to liquidate old debts will be available for new undertakings and progressive development. In Saskatchewan, for example, the Local Government Board report for 1925 states that many municipalities and school districts have cleared themselves of all debt service indebtedness so that the tax rate can now be materially reduced and all current revenues devoted to constructive and maintenance purposes. It is further stated that the amount of debt service indebtedness repaid during 1925 far exceeded the amount of all new capital loans made.

With the opening of spring activities in all branches of human endeavor in Canada, and particularly in the West, the situation is most hopeful and more encouraging than for a decade. Nothing in the nature of the old-time boom is looked for, and certainly is not to be desired, but it is quite apparent that the time is opportune for the progressive, far-seeing man, whether on the farm or in town or city, to draw away from the more conservative policy which the past few years, and generally unsettled conditions, forced upon him and more forward in a larger, more vigorous policy. The opportunities which 1924 offers should not be ignored nor neglected.

Criminals Use Plastic Surgery

Through the recent capture of a burglar who had his facial appearance altered by surgery, attention was called to the increasing use of plastic surgery by criminals to escape identification. On the prisoner was found a receipt for \$290 paid to a surgeon for changing the contours of his ears, chin and nose.

The wise man not only lets his wife have the last word, but he is tickled to death when she reaches it.

You never will realize how frail and mortal a great man is until he gets interviewed on religion.

Miller's Worm Powders do not thoroughly that stomachic and intestinal worms pass from the child without being noticed and without inconvenience to the sufferer. They are painless and perfect in action, and at all times will be found a healthy medicine strengthening the infantile stomach and maintaining it in vigorous operation, so that, besides being an effective vermifuge, they are tonic and health-giving in their effects.

Canadian Mining Men Get Together

Leaders in Canadian Mining Affairs Meet in Montreal

A pronounced feeling and expression of optimism both as regards the present standing and future development of the mining industry in Canada characterized the twenty-eighth annual general meeting of the Canadian Institute of Mining and Metallurgy which held its three-day session at Montreal. The meeting, which brought together leaders in Canadian mining affairs from one end of the Dominion to the other was signalled by the fine spirit of co-operation shown to exist between Federal and Provincial Governments, the Institute and private mining concerns in all that concerns the Dominion's mineral resources, auguring for the future a development along the soundest national lines.

The meeting, which was welcomed by Mayor Duquet, initiated its session under the presidency of T. F. Brown, deputy minister of mines, Nova Scotia, and closed them under the direction of the 1926 president, Louis Stettin, general superintendent of coal mines, department of natural resources, Canadian Pacific Railway, Calgary. Among the distinguished visitors in attendance at the convention were Hon. Charles Stewart, minister of the interior; Hon. Chas. McCrear, minister of mines, Ontario; Hon. J. E. Perrault, minister of colonies, mines and fisheries, Quebec; Chas. Cammell, deputy minister of mines, Ottawa; Thomas W. Gibson, deputy minister of mines, Ontario; Col. J. S. Dennis, Canadian Pacific Railway; Theo. Dennis, superintendent of coal mines, Quebec; J. L. Agnew, president International Nickel Corp.; Dr. W. Lingner, Massachusetts Institute of Technology; and J. E. Spar, editor, Engineering and Mining Journal Press.

In the course of the sessions a number of papers were read covering the wide range of Canadian mineral resource and frankly discussed, Charles Cammell discussed mining development in Canada in a broad way, sketching its past and venturing to forecast its future. He showed how upon the basis of mineral exploitation a host of dependent industries might be built, instancing the development of the industry in British Columbia in particular which he believed would be reproduced in Northern Manitoba, Ontario and Quebec. The matter of mineral statistics, their compilation and value, was ably dealt with by J. Cook, of the Dominion bureau of statistics and the provincial statistics of Ontario, Quebec, British Columbia, Nova Scotia and New Brunswick.

The scope of the many papers read by experts in their particular line was very wide, covering practically the entire field of Canadian mineral resource and its development. In addition to the many technical papers, brought up for discussion the lead, zinc, nickel, petroleum and natural gas deposits of the Dominion were found to merit special papers, whilst the new gold fields of Goudreau and Red Lake were described and endorsed by engineers specially familiar with the regions. The new Quebec gold field of the Royce received its share of attention in no less than three papers, and gold mining in Nova Scotia was treated very ably in another. An interesting paper on the Manitoba limestone deposits was read by H. H. Lamond, of the development branch of the Canadian Pacific Railway at Winnipeg.

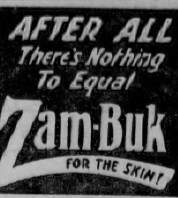

The sessions of the convention were marked by full attendance and serious attention to proceedings, the only deviation being a visit to the plant of the Imperial Oil Company at Montreal East. An outstanding feature throughout the convention was an exhibit in the hall of mineral products from the various fields of the Dominion, and of colas manufactured from Canadian nickel from Saskatchewan, Italy, Hungary, France and Australia. The convention concluded with a banquet at which speeches were made by Hon. Chas. Stewart, Hon. J. E. Perrault, Hon. Chas. McCrear, F. L. Wadsworth, and Col. J. S. Dennis, chief of whom, incidentally, is the mining industry in a manner characterized by extreme optimism, and an expressed recognition of its present place in Canadian life and the part it would play in the future development of the Dominion.

The Sheep Industry It is estimated that forty thousand lambs, or twenty-five per cent more than last winter, are on feed or have been finished and sold in the Lethbridge and Calgary districts. One company has 10,000 head fattening on cereals at Calgary.

If a cooper can't make a barrel of fun, he can at least, have a starting good time trying.

After All There's Nothing To Equal Zam-Buk FOR THE SKIN!

New Minaki Map

Covers Hunters and Tourists Paradise in Ontario and Manitoba

The new Minaki map just issued by the topographical survey, department of the interior, and available to the public, covers a tourists and hunters paradise.

It has been said that Canada's third largest export is scenery. Many millions of dollars are being spent annually in this country by American and other tourists and while in the area covered by this map lying partly in Ontario and partly in Manitoba, there are already well established summer resorts frequented by Winnipeggers and others, the possibilities of the region have hardly been scratched. The map covers a maze of lakes and waterways where travel is exceptionally difficult without the aid of a reliable map. There are many interesting canoe routes and the map shows the portages, falls and rapids. One of the routes leads towards the new Red Lake mining field.

Included in the area are such well known resorts as Lake of the Woods and Sand Lake where there are innumerable pretty islands each with its summer cottages. On these lakes and the Winnipeg River there is unrivalled navigation for motor boats for upwards of one hundred miles.

The country north of Minaki is famous as one of the best hunting grounds for moose and deer, and ducks and geese also abound. The fishing is also of the best.

Through Service For Steamship Passengers

Canadian Pacific Railway Inaugurates Through Tourist Sleeping Car Service

For the convenience of western passengers enroute to the Old Country, the Canadian Pacific Railway have inaugurated a through tourist sleeping car service from Winnipeg to Saint John, N.B.

These cars will leave Winnipeg on "The Imperial" at 10.00 a.m. every Tuesday until April 20th, providing through service to the ship's side at Saint John.

This service will prove extremely popular with passengers from the Pacific provinces, obtaining as it does, changing trains at Montreal.

Love may make the world go round, but it makes young men's arms go around waist plates.

Nova Scotia produces about 2,000,000 barrels of apples annually.

Why He Succeeded

From hard work on a farm to the study of medicine in Cincinnati, where he was graduated, was the course which Doctor R. V. Pierce took.

In his younger days he practiced medicine over a large district. It was then the new oil fields near Tulsa, Okla. Finally he determined to put up some of his prescriptions in ready-to-use form in order to reach a larger number of families. He then early moved to Buffalo, N. Y., and established the World's Dispensary, where he put up Dr. Pierce's Golden Medical Discovery for the blood as well as the Favorite Prescription for women, carefully preparing them from roots, herbs and acids and placed them with druggists everywhere.

During the last thirty years Dr. Pierce's Discovery, for the blood, has been sold in larger quantities by druggists than any other medicine. It is a tonic in its effect on the stomach and digestive apparatus; an alterative in its action on the blood, liver and kidneys; it increases the appetite, stimulates the digestion, enriches the blood, and makes both men and women feel healthy and vigorous and care free.

Ask your druggist for Dr. Pierce's Discovery, in tablet or liquid form, or send the trial package of tablets to Dr. Pierce's Laboratory, in Buffalo, N. Y.

Canada Should Keep Militia

Has Large Territory Which Needs Protection Says Sir Arthur Currie

As a nation, with her signature attached to world treaties to undertake serious obligations, as a member of the British empire which called her to do her part in maintaining empire integrity, and as the possessor of large territory which required protection in an armed world, Canada should maintain her militia which has always stood her in good stead, Sir Arthur Currie told the Canadian Club at Montreal.

"It seems to me," Sir Arthur proceeded, "that Canada cannot with true faith in a position of isolation in regard to foreign affairs. She has obligations under the most solemn covenant and the greatest covenant that the nations of the world have ever signed, and she cannot shut herself up in North America."

Distribution Of Fish Fry

C.P.R. Furnishes Free Transportation For Fish Eggs and Fish Fry

Distribution of fish fry from the federal hatcheries during the past year totaled 705,391,325 in number, according to a report of the department of marine and fisheries. Of these, whitefish and sockeye salmon make up the great majority, while the many other varieties of salmon and trout nearly total up to the remainder. The Canadian Pacific Railway was actively connected with this movement, having furnished free transportation for shipments of fish eggs and fish fry, with their attendants, free of charge.

"DIAMOND EYE" ANY GARMENT, DRAPERY

Just Dip to Tint or Boil to Dye

Each 15-cent package contains directions so simple any woman can tint or dye delicate shades or dye rich, permanent colors in lingerie, silks, ribbons, waists, dresses, coats, stockings, sweaters, coverings, hangings—everything!

Buy Diamond Dye—no other kind—and tell your druggist whether the material you wish to color is wool or silk, or what it is in line, cotton or mixed goods.

Why Torture Yourself?

As we get along in life most of us experience rheumatic and other pains, constraining ourselves with the knowledge we have no conception to the general rule. Instead of carefully investigating the cause of the pain, as we naturally would do in home, a druggist's pet dog were the sufferer, we grin and bear it, or, if it gets too bad, get something to relieve it for a while. If, however, we candidly admit the fact that our own pains and aches are the result of the action of other people caused by the wrong foods we eat and are regularly eating, whether we require food or not, an enormous amount of suffering could be avoided by modifying our habits.

Man, out of all creation, destroys his cooking and refinement, his food values which, if retained as originally intended, would preserve his disease resistance to the end of his healthy and enjoyable life. No man or woman whose diet is constantly spoiled by refined and cooked foods, those of them who are cooking those of them who are eating, are caused by potassium deficiency in the sufferer's system, and the fact that, in advanced cases of the two named maladies, it is almost impossible to detect difference between blood samples from each under a high powered microscope, emphasizes the original cause of both. Yet, in apparently hopeless cases of both these and other diseases of similar origin, if the potassium deficiency be remedied the malady will retrograde until, with the elimination of poisons from the blood under home treatment and sane diet, those who will thus help themselves can win back health and prolong their lives. Thousands by potassium deficiency, with its allied and allied conditions, the writer, now past his sixtieth birthday, acted on the above simple plan and, freed from pain and fully enjoying life, heartily wishes a like relief to other sufferers. Charles Walker, 31 Brunswick Ave., Toronto.

The First Sandwich

Years ago there was a certain Lord Sandwich, who was so fond of playing cards that he did not care to stop either for sleep or for meals. However, men must eat, so, to save time, he ordered his servants to bring him a piece of meat laid between two slices of bread, so that by eating it he should not grease his fingers and soil the cards.

If you are unable to finance a trip to a winter resort you can have just as much fun reheating the wealthy loafers that do.

Mountain Park Popular

Barff National Park Attracts Many Visitors Each Season

Attendance at Barff National Park in the Canadian Rockies broke all records in 1925. The park revenue amounted to \$140,096 during the season, and more than 87,000 people resorted at the hotels. Nearly 80,000 people passed through the east entrance of the park alone, which was 47 per cent. greater than the previous year.

National parks to the number of 15 are under the administration of the Canadian Government and cover an area of 9,227 square miles in different parts of Canada. They are great playgrounds—wonderlands of forests, well stocked streams and lakes, glaciers, hot springs, waterfalls, and mountains. All national parks in Canada are sanctuaries for wild fowl, mountain sheep, goat, moose, bear and other animals.

Cause of Asthma. No one can say with certainty exactly what causes the establishing of asthmatic conditions. But from the street, from flowers, from grain and various other irritants may set up a trouble impossible to eradicate except through a preparation such as Dr. J. D. Kellogg's Asthma Remedy. Uncertainty may exist as to cause, but there can be no uncertainty regarding a remedy which has freed a generation of asthmatic victims from this scourge of the bronchial tubes. It is sold everywhere.

She (enthusiastically): Oh, I would have given anything in the world for that rate.

He: Well, why didn't you buy it?

She: Hay! Why, the man wanted five dollars for it!

AFTER SHAVING

Little Minard's one-half with cream or sweet oil, and apply to the face. Very soothing and refreshing.

Local Happenings

Big baseball game Mirror-
Alix vs. Statler on Monday
evening at 6:30 on the school
diamond. Every one come.

Mrs. R. D. Curr narrowly es-
caped serious injury this week
when her dress caught in the en-
gine.

Donald Olson had the ligaments
of his wrist badly torn when an
engine he was cranking back-
fired.

Several articles have been left
over for next week owing to some
election rush work keeping us
late.

Parents of the pupils of Rip-
ley school, at the invitation of
the teacher, paid a visit to the
school Wednesday and spent
the afternoon witnessing a gen-
eral review of the term's work,
which was perfect in every de-
tail and much credit is due the
teacher, Mrs. Barriitt.

Here and There

That the average weight of Al-
berta's 1923 wheat was 64 pounds to
the bushel, or 109 pounds more than
the standard, is the statement of
George Hill, Dominion Grain In-
spector at Calgary.

The season of navigation for the
year 1923 is the longest since the
year 1814, or 109 years ago, accord-
ing to a statement made at Quebec
by Captain J. E. Bernier, Arctic
explorer.

Two-thirds of Canada's exhibits
for the British Empire Exhibition
are now in England, most of these
being already at Wembley. Among
them is a monstrous silver rugger,
weighing nearly three tons, the big-
gest ever unearthed, which was dug
up in Canada.

Twenty-nine million pounds of
halibut were landed at Prince Rupert,
B.C., during the past year, with
figures for the month of December
incomplete. This total is consid-
erably in excess of the previous year.
Several large shipments were made
to Chicago and other middle West-
ern States' points.

E. W. Beatty, President of the
Canadian Pacific Railway, has ac-
cepted the honorary presidency of
the Province of Quebec Safety
League, succeeding the late Lord
Shaughnessy, who was its first hon-
orary president. The object of the
League is to institute safeguards for
the protection of life, especially
children, providing protected play-
grounds and streets.

It is estimated by the provincial
tourist bureau of the Province of
Quebec that 125,000 American au-
tomobiles visited the province in 1925.
Of this number 40,000 travelled over
the St. Lawrence River, the principal
route of automobilists from
across the border motorizing to Mon-
treal and a record in the annals of
that thoroughfare as regards Ameri-
can cars.

The Canadian Independent Oil
Company, of St. John, New Brun-
swick, has closed a contract to sup-
ply lubricating oils of all kinds to
all Canadian Pacific steamships ply-
ing to Atlantic ports. This is said
to be the biggest contract for lubri-
cating oils ever closed in Canada.
This company means a new indus-
try for St. John, for its compressing
plant will be located in East St.
John.

The Klondike is in the throes of
another gold and silver rush. At
the head of the Beaver River, 50
miles west of Kootenai, a silver
and gold discovery of unusual pro-
portions has started a stampede
from Mayo, the main mining set-
tlement of the Yukon, to the new com-
pound, where it is said assays reveal
pay dirt running 1,100 ounces of
silver to the ton.

Rapid progress is being made in
preparing the Canadian section of
the British Empire Exhibition. The
great pavilion was roofed in and
ready for exhibits in sixty days from
its commencement and will be ready
for opening on March 1st. Two mil-
lion feet of Canadian lumber, 7 mil-
lions of roofing and 200 tons of nails,
nuts and bolts have already been
used in the building.

Be a Boaster! ADVERTISE

for Economical Transportation

Quality
determines
whether the price
is economical

Highest quality materials and construction alone
give you fine car performance over a long period
at low cost for upkeep.
Only the most modern body design and a finish of
permanent luster can keep your car looking well
for years.

And that's what you get in a Chevrolet! Quality
design, quality construction, quality appearance—
and many quality features the equal of which you
cannot find in any other car at Chevrolet's price.
You get Duco finish in smart colors. You get
Fisher bodies on all closed models. You get smart,
modern, snappy good looks plus the power, per-
formance, and dependability that make Chevrolet
meet your highest ideals of economy.
Come in—let us show you why half a million
Chevrolets were bought last year.

NEW LOW PRICES

Around the Town

Elks Day July 1 and 2.

Miss Ramsey, of Edberg is
visiting her friend Miss Moller
this week.

Don't forget the big carnival
at Mirror July 1 and 2.

Gavin Spence, piano tuner,
will be in Mirror all next week.
Those wishing his services are
requested to leave word at the
printing office.

The Home Cooking and Sale
of Work and raffling of organ
has been postponed until Fri-
day June 25th, at Ripley school.

H. J. Snell Sight Specialist,
will be at the Imperial Hotel,
Mirror, on Wednesday July 21,
and every third Wednesday of
each month.

Arbor Day on Friday last at
the cemetery proved a great
success. Some sixty turned out
in response to the invitation,
and much work was done. It
is the intention to create a cem-
etery fund to make further im-
provements. The W. I. feels
grateful to those who so loyally
turned out, especially those living
outside the town.

The Alberta Division, Cana-
dian Red Cross, desires to ex-
press its gratitude and appre-
ciation to the ladies of the Mir-
ror W. I. for their generous gift
of two comforters. These large
quilts were beautifully made
and greatly admired, and the
Red Cross felt much pleasure
in receiving this tangible ex-
pression of the kindly goodwill
of the ladies of Mirror.

Card of Thanks

On behalf of myself and family
I wish to extend our sincerest
thanks to our friends and neigh-
bors for help and sympathy ex-
pressed in our recent bereavement,
and for the many beautiful floral
tributes.

Mrs. Holben.

Card of Condolence to Mrs. Holben

Dear Neighbor:
We wish to extend to you our
heartfelt sympathy in your sad
bereavement. May God comfort
you. We trust that you will see
the side of the cloud that's turned
to Heaven. We are with deepest
sympathy.

Yours fraternally,
Royal Neighbors of America.

Notice

The annual meeting of the Eu-
fala Lake Farmers Marketing As-
sociation will be held in Mirror,
Alta, on Wednesday, June 30th
at 10 a.m. Everybody invited.
Delegates bring your credentials.
Buffalo Lake Farmers Co-Opera-
Marketing Association.
per F. McDonald, Sec.

Public Notice Re NOXIOUS WEED ACT

Clause 4 (1)
Duty of Owner or Occupant
of Land

"Every owner or occupant
shall destroy all noxious weeds
on the land he owns, occupies
or has the right to occupy, and
on the area between the bound-
aries of the said lands and the
centre line of all contiguous
roads and road allowances, and
if he makes default in so doing
he shall be liable on summary
conviction before a justice of
the peace to a penalty of not
less than five dollars and not
exceeding fifty dollars and
costs."
